## Lions Don Old Clothes And Work at Clearing Antioch's New Park

### Other Organizations Asked To Service in Same Way Soon

Members of the Lions club donated their old clothes Monday evening and welded axes and saws in making big progress toward the clearing of the new village park. Fifty-four persons including eight guests were there.

They may have appeared quite sedate in their white shirts and business suits during the day in their business and professional pursuits, but Monday night they assimilated lumber jacks and tossed the fallen logs around like toothpicks.

First they enjoyed a picnic supper comprising baked ham and wieners, potato salad and beverages. Then they went to work using chain saws provided by Bud Horton and Art Lubkeman, and trucks provided by the city and Mayor James McMillen.

In the meantime Vernon Heath and members of the horseshoe pitching club are building courts at various locations and are beginning their horseshoe pitching activities.

Roads are next on the list of tasks after all of the brush has been cleared away, McMillen said.

An invitation to other organizations in the village to follow the Lions club in a similar contribution of time and effort is extended by the park committee.

Usually benefit through the use of "If other groups who will event this park, will show a similar spirit and help, we can soon get this work done without much expense," they said.

## Salvation Army Tag Day Tomorrow Brings Call for Volunteers

Mrs. Homer B. Gaston, chairman, today asked Antioch women to spend a few hours of their time tomorrow in selling tags for the Salvation Army's annual doughnut day.

Money raised in the sale of these tags will help support such institutions as the Wonderland camp near this village which provides free vacations for underprivileged mothers and children and approximately 100 other social welfare services.

Mrs. Gaston, publisher of the Antioch News, was appointed chairman of the drive by Carl M. Miller, Chicago suburban chairman. Her headquarters will be at the newspaper office.

## Nearly One Third of Aged And Survivors Insurance Are Women, S.E.C. Reveals

Of the total number of persons in the Waukegan area receiving monthly Old-Age and Survivors Insurance payments, approximately 31% are women, according to figures released today by Bernard Barnett, manager of the local Social Security Office. This means that more than 900 women are receiving these monthly payments in the two counties serviced by the Waukegan office.

Women today are increasingly taking their place in the Old-Age and Survivors Insurance system. As an indication of this, more than 13,800,000 women who work now have insured status under the Social Security Act.

Not only are retirement payments made to women who work, but wives and widows may receive monthly insurance benefits based on the wages earned by their husbands.

In addition to the monthly social security insurance payments now being made to women, lump-sum payments are paid to the family of the worker who dies when there is no one entitled to such monthly amounts. In case of the death of a woman who is employed under social security, this lump-sum may go to the widower or other member of the family if there is no widower.

The Waukegan office, Mr. Barnett said, is anxious for women to understand their rights under the Social Security Act. Persons wishing information should contact the local field office in Room 4 of the Post Office Building, Waukegan.

Mr. and Mrs. Nelson Drom returned home recently after spending several months in Arizona and California.

## Channel Lake Club Plans Party for School Pupils

The Channel Lake Community club has planned a wieners roast and outing for the children of the Channel Lake School district and community on Tuesday of the coming week.

The children will be taken by bus to Fox River park, leaving the school house at 1 p. m. Food will be furnished by the club but the children will have to buy their own pop and ice cream cones.

## Horan to Start Town Tax Collection Next Monday at Local Bank

John Horan, Antioch town collector, said he expects to get the township tax statements processed and mailed this week so that he can start collecting Monday.

He will be at the State Bank of Antioch Monday and Tuesday from 9 to 4 p. m. and at the First National bank, Thursday, Friday and Saturday from 9 to 3 p. m.

Last day for payment of taxes to Horan will be on July 25; after that they must be paid to the county treasurer.

The tax rate for Antioch township on the \$100 will be:

County and bond \$.144; town of Antioch, .029; road and bridge, .059; gravel, .059; village of Antioch and bond, .195; library, .026; Antioch fire protection district, .032; Fox Lake fire protection district, .027.

School rate by districts:

McHenry county No. 9, .355; Lotus No. 10, .681; Millburn No. 24, .497; Oakland No. 27, .407; Emmons No. 33, .411; Antioch grade, No. 34, .862; Channel lake No. 35, .414; Grass Lake No. 36, .735; Lake Villa H. S. Consolidated No. 41, .853; Antioch H. school No. 117, .383; Grant High school No. 124, .473.

The tax rate for the village of Antioch will be:

County and bond, \$.144; town .029; road and bridge, .059; gravel, .059; high school, .383; city and bond .195; school .862; library .026 for a total of \$1.557.

The village of Antioch has the lowest tax rate in Lake county.

## Village Receives Gift Of Flag from Widow of Walter Wester, War Vet

Mrs. Andrea Dalgaard Wester, daughter of Mr. and Mrs. Andrew Dalgaard has presented a flag of the United States to the village of Antioch in memory of her husband, Walter Wester who was killed in action in France, Aug. 4, 1944.

The flag which was badly needed by the village was raised over the village hall for the first time Wednesday, Flag Day.

"It is something we appreciate very much," commented Mayor James McMillen and members of the board of trustees.

## Lorraine Bock Will Attend Illini Girls State At McMurray College

Miss Lorraine Bock, daughter of Mr. and Mrs. Harold Fillweber, a junior in the Antioch Township High school has been selected by the Antioch Unit 748 American Legion Auxiliary for her outstanding qualifications to attend the Tenth Annual Session of Illini Girls State at McMurray College at Jacksonville, which will be held June 20 through the 28.

Four hundred thirty-two of Illinois most outstanding Junior students have been chosen to attend the 1950 Illini Girls State.

Girls state is held annually to provide citizenship training for Illinois girls, giving them the opportunity to study and know their state government and its executive legislation and judicial functions.

There are many social activities all arranged and carried out by the girls, in addition to classes in personal hygiene, vocational training, public speaking, first aid, swimming, music appreciation, and parliamentary procedure. They will also publish their own daily newspaper.

Every state in the U. S. conducted a Girls State in 1949 sponsored by American Legion Auxiliaries.

## Edward Stenerson, Shot By Wife, Recovers; She Ends Life by Drowning

### Worry Over Presence of Brother-in-law in Home Cause

Edward Stenerson, 75, a resident of Fox river near Channel lake on Rte. 173, was released from Victory Memorial hospital Sunday after having recovered from gunshot wounds inflicted by his wife, Minnie, who ended her life by drowning Friday.

Mrs. Stenerson apparently became demented, fearing their marriage would be broken up by the burden of care of Mr. Stenerson's brother, Al.

After bidding her husband goodbye when he started back to work as a salesman for the Sexauer Real Estate agency Mrs. Stenerson appeared in the doorway, a revolver in hand, and fired at him. The bullet struck his arm.

He said he lunged for the gun and the second shot struck him in the chin. He then got in his car and drove into Antioch, going to the King drug store where he collapsed after telling the druggist "My wife just shot me. Hurry back, I think she is going to drown herself."

Mrs. Stenerson's body was found lodged under the pier back of their home in seven feet of water. A note tied to her clothes indicated she feared her marriage would be broken up as the result of the husband's brother whom she feared would move in with them.

The Stenersons moved to this community seven years ago from Chicago where he operated a tavern.

Mr. Stenerson was taken by the Antioch Rescue squad to Victory Memorial hospital where it was said his jaw was fractured.

The body of Mrs. Stenerson was taken to Chicago for burial by a son.

A jury was sworn in by the coroner but no inquest will be held until later.

## 16 Antioch Graduates To Enter Colleges at Beginning of Fall Term

Sixteen or more of the graduating class of Antioch Township High school this year will take advanced training in schools and universities next year.

The University of Illinois will get the greater share. Those who will go there are Harold Cardiff, who will enroll in the college of pharmacy; John Hojem, Betty Jean McDougall, and Donald Schultz.

Barbara Barthel and Clarita Greenlee will enter Lake Forest college.

Nursing is the vocation Mary Ellen Campbell and June Petersen have selected. Miss Campbell will train at St. Therese School of Nursing, Waukegan, and Miss Petersen will begin her training at the Evanston hospital School of Nursing.

Joanne Midgley will be far away from home when she enters Brigham Young university at Provo, Utah, next fall. Nearer Antioch will be Georgia Saylor who will enter Stephens college at Columbia university.

Other out-of-state colleges that attract Antioch students are Carroll college, Waukegan, Wis., which Louise Erickson will attend; Valparaiso university, Valparaiso, Ind., where Marilyn Bushing will go; and Lawrence college, Appleton, Wis., where Patricia Kelleher will enroll.

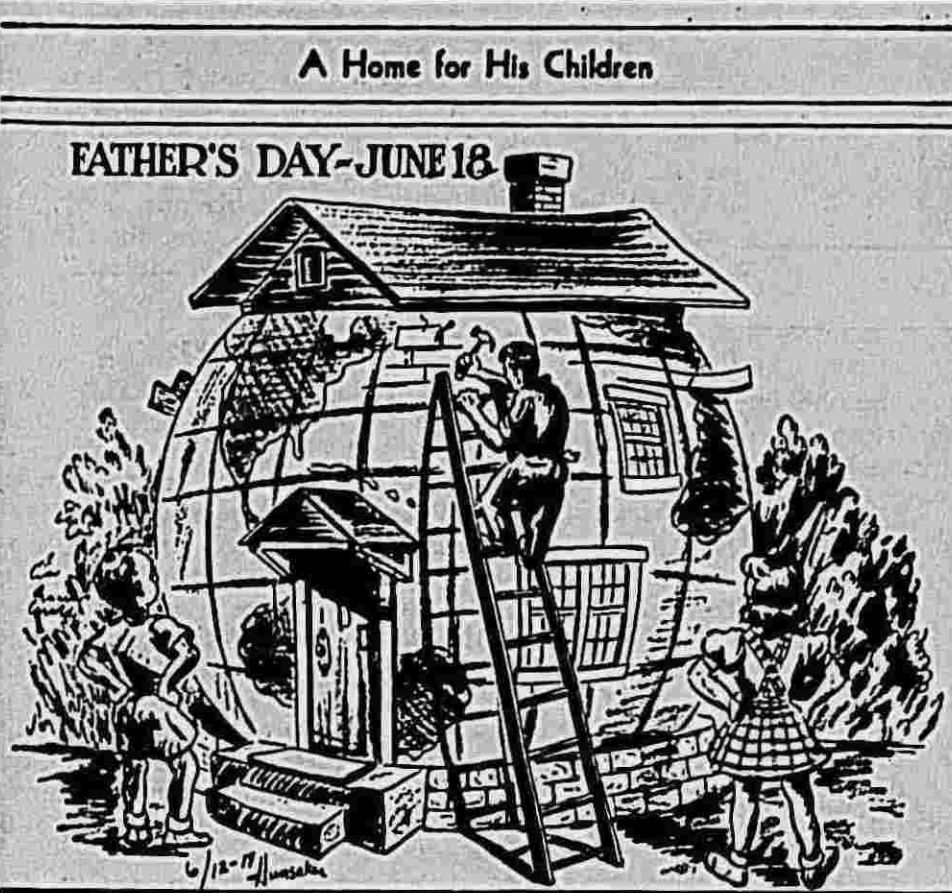

Jacqueline Onstad and Betty Terry will both enter Northern Illinois State Teachers' college at DeKalb, and Fred Wolf will enroll at Knox college, Galesburg, Ill.

Walter Schlegel, Georgia Stephens and Donna Schultz have applied for scholarships at one of the state teachers' college.

## Breaks Wrist in Chicago, Comes Here For a Doctor

Mrs. Bertha James Gilbert, of Chicago, suffered a fracture of a bone in one wrist Saturday when she slipped on a rug and fell at her home. She had her mother, Mrs. J. C. James engage Dr. A. N. Burke to take care of the injury and came from Chicago to Antioch to have him set the broken bone. She is with her mother at 441 Orchard st.

The Rev. R. E. Ehrgott of St. Ignace Church has been appointed to the Town and Country Council of the Episcopal Diocese of Chicago.

## Antioch V.F.W. Takes Second Victory in New S. E. Wisconsin League

The Antioch V. F. W. resumed their winning ways Sunday by soundly thumping Sturtevant 6-3. The victory was Antioch's second in the newly formed Southeastern League and enabled them to climb into a three way tie for second place in the league standings.

Ray Bushing and Dick Scott provided the sparks that were missing in last weeks fiasco. Bushing provided steady dependable hurling as he scattered seven hits, struck out nine, walked but three men. He held the opposition scoreless the first five innings and helped his own cause by enacting two double plays.

Dick Scott supplied the timely long distance clouting as he connected for a triple and a home run and drove in four runs. Ed Palenski lent able assistance rapping out a single and a triple and scoring three runs.

The V. F. W. jumped off to a two run lead in the first inning when Palenski was safe on an error by the third baseman. D. Scott stepped to the plate and promptly socked a line drive home run to right center field to give Antioch a 2-0 lead.

Antioch picked up three more tallies in the fifth. Bushing bounced a single over the third baseman's head. He moved to second on a wild pitch and scored on Palenski's line single to left. D. Scott followed with (Continued on page 5)

## Wrestling at R. L. Park Friday Has Cyclone Anaya And Benito Gardini Paired

Cyclone Anaya, South America's top heavyweight contender and Benito Gardini, the excitable Baltimore grappler are paired in the sixty minute windup in the Lake County Stadium in Round Lake Park, Ill., Friday night. The match is a two out of three fall verdict.

Anaya has battled his way to the top challenger rating for heavy weight honors through his cobra twist hold, one of the most devastating grips in wrestling. The cobra twist is an abdominal hold and can paralyze the nerves of the stomach if an opponent does not concede the fall quickly.

Benito Gardini, one of the great showmen in the game states he has his own way of breaking up the cobra twist. Benito has been wrestling for quite a number of years and fans believe that his vast experience will assist him in defeating his rival.

Benito is the 'bouncing boy' of wrestling. When he takes a body slam he bounces several times because of his pudgy build. The Baltimore grappler of Italian descent comes from a family of eighteen children. He is the top athlete of the group. Gardini studied music in his earlier years, but lack of capital stopped him from going to Europe to study. He became interested in wrestling and has been a success.

In another star match on the show Joe Millich, of St. Louis and Art Bull, of Dubuque, Iowa, are paired. Millich started his mat career when but fourteen years of age. His experience may overshadow that of the younger Bull. The latter is a versatile and talented star.

The two mean men of wrestling Bad Boy Brown and Jules LaRance are teamed against Maurice Robbere of Canada and Ned Taylor, of Ohio, in an Australian tag team

## Referendum Asked on Site of Proposed New Kenosha County School

Most recent move in the tangled Wilmet high school situation came Friday, May 26, when a petition signed by 225 voters of the Wilmet High School district was submitted to school board clerk Alfred Oetting.

The petition asked that voters of the district be given an opportunity to vote "yes" or "no" on the question of purchasing a 50 rod square tract of land for a new high school site at a cost of \$10,937.50. The land in question lies in the township of Salem on the southwest corner of Hwy. 50 and County Trunk F. The referendum on the matter would come up at the annual district meeting to be held June 26.

The petition was delivered to the clerk by Peter DiCello, president of Central High School association, the group that has been fighting for a more centrally located high school in the present Wilmet district, which comprises all of Kenosha county west of Hwy. 41.

Action on the petition at the annual meeting is mandatory, the Central group states. If put to a vote, it will mark the third time the Wilmet high school situation has been put to a vote.

Aug. 30, 1949, the district voted for a \$600,000 addition to the present school and against a \$900,000 new school. However, this election was ruled illegal a short time later by the attorney general's office.

Last February the district voted down a \$350,000 addition to the present high school in a special meeting of the school district.

The Central group, backers of the present proposal, claim a new school could be constructed at the Brass Ball corner location for approximately \$750,000. It would include a gym, auditorium, kitchen, manual arts, shop, agricultural plot, and a lighted athletic field.

Opposition to this plan is centered in the Citizen's committee of Wilmet, who are expected to produce a counter measure at the annual school district meeting June 26.

## State Posts Warning On Lake Boat Speeding

The State Department of Conservation has placed a number of large signs in the Chain O' Lakes region warning boat operators of dangerous speeds.

Complaint that speedboats have been endangering the lives of fishermen by swamping them has caused the department to set up the warnings on 4x6 foot boards in red and yellow letterings.

Arrests will be made where in the opinion of the state police the speed is excessive and E. C. Cooney, superintendent of the conservation camp on Fox Lake says the state officials mean business when they say that speeding in fishing areas must be stopped.

**Publishers to Meet**  
The Lake County Publishers Association will meet at the Biltmore Country Club, Rte. 59, between Wauconda and Lake Zurich tomorrow evening.

match of sixty minute duration. Robbere and LaRance give the bout an international flavor.

Tickets for the show are available at Sally's Ringside Inn, in Round Lake Park.

## McMillen Urges Antioch Citizens To Insure Count

### Report of Census Indicates Village Has Shown But Modest Gain

Word from Waukegan today that Antioch has shown not more than 150 increase since the last census count in 1940 resulted in a call from Mayor James McMillen for all citizens not yet counted to notify Director Frank Kilbane at once.

Belief that the village is well over the 1,500 mark has been expressed by many persons who are anxious that the village be given proper credit.

"We must have everyone recorded otherwise we will not get our share of motor fuel and other state refunds," said Mayor McMillen.

When Fox Lake got word that its citizens were not being adequately enumerated, Mayor Carl Erickson and others made a protest, and set at work securing names of those who had been missed.

The result was that the population of that village has soared from 1,110 in 1940 to 2,261 this year. The village added 150 dwellings in the last 10 years to make a total of 1,185. Antioch's population in 1940 was 1,100.

A blank form to be filled out by those whom the enumerator failed to find was published by the Antioch News recently.

## Permit Rosing to Open Subdivision South of Village on Highway 21

Supervisor William Rosing was granted permission by the county zoning board Monday to subdivide a parcel of ground at the intersection of Rte. 21 and Beach Grove rd., for residential purposes.

One lot will be set aside as a business place, but will not be available for tavern purposes, Rosing said.

The lots, some of which already have been sold are 60 by 200 feet in size and sell for \$750.

A variation to permit Elmer and Emily Rudolph to build a garage to store construction tools and also a small apartment in Antioch was granted after their petition for a change from farming to business No. 1 was denied.

A change to a business No. 2 zone from Residential R-4 classification was denied Charles G. Holmes.

## Allendale Wins Soft Ball Conference Title

The Allendale school for boys recently became the first softball champions in the newly formed Northern Lake County Grade School Conference.

Because of circumstances beyond control only four schools, Allendale, Lake Villa, Gavin and Fox Lake of the eight registered in the conference participated actively in the softball schedule.

The Allendale softball team proved to be too much for most of the opposing schools, although many tense and exciting games were played during the short season. Allendale went through the season undefeated finishing with a record of 6 and 0, while Gavin was the runner up winning 3 and losing an equal number. Lake Villa was the hard luck team of the league losing its last three contests by only a run in each game.

FINAL STANDINGS			
	W	L	Pct.
Allendale	6	0	1.000
Gavin	3	3	.500
Fox Lake	2	4	.333
Lake Villa	1	5	.166

## VILLAGE WARNS OWNERS OF CARS

All owners of automobiles, who live within the Village limits must purchase vehicle tags by July 1st. All owners of dogs within the village limits must purchase tags by July 1, by order of the Village Board. Vehicle tags and dog tags can be purchased from Laurel D. Powles, Village Clerk, at the Ford Garage.

Walter I. Scott, Village Marshal James Webb, of Roseland, Florida, is spending a month in Antioch with relatives and friends.

### Economic Highlights

One of the most compelling essays on the importance of the Navy to the national security appeared in the March issue of U. S. Naval Institute Proceedings. Written by Captain Ernest M. Eller, U. S. N., and titled "Will We Need a Navy to Win?" it has been given the Institute's annual prize award.

Captain Eller deals generally with the influence of seapower on the course of our history. It has, as every schoolboy knows, been a decisive influence. And yet, he cogently observes, "Although the sea is the very tide of her life, America has never believed in it." The American roots are in the land. Few of us have any first-hand knowledge of the fighting Navy—in the last war three fourths of all those in the armed services wore Army or Air Force uniforms, and their loyalties, like their knowledge, lies with these arms. "Do not talk to them about the Navy winning wars," says Captain Eller. And here, he thinks, is one of the reasons why so many now believe that the Navy's day has come to its twilight, and that other weapons, primarily landbased aircraft, are about all we need.

Captain Eller, of course, does not believe this. He—like so many other experts, both within and without the Naval service—is certain that the role of the Navy in any future conflict will be all-important and that, especially, Naval carrier based aircraft will carry much of the load. And he writes: "If we are to suffer another war in the near future, it is in the air that we must defend ourselves first of all, and by the air that we must strike the early blows. Such being true, we must realize that the solid earth belonging to the United States under this air, and therefore assuring us fixed bases for air protection, amounts to no more than two per cent of the area of the world."

"Contrasted to this, consider that if we control

the sea we control not two per cent but 70 per cent of the surface of the world! On the water we increase our potential air base locations more than 30 fold, provided we deny the oceans to the enemy and maintain sufficient floating fields of our own. We likewise insure that many other land areas otherwise denied us will serve our purposes and not those of the enemy."

Finally, Captain Eller argues, the American public has accepted a progressive reduction of its Navy below a minimum safe level because it does not see the need for it. We have, in other words, actively or passively accepted the idea that a "cheap" war is possible, and that a first-class Navy, with all its vast complexities and costs, is an unnecessary luxury. If Captain Eller is right, this is one of the most dangerous of delusions, and it must be jettisoned. For, he writes at the very end of his fine essay, "In this age of winged sea power, even more than in the past, victory or defeat may come out of the sea."

### The Country Press Says

KINGSTREE, S. C., COUNTY RECORD: "We hear about the proposed socialization of medicine. But we are already well on the road to socializing the power of industry in this country. Tax free power plants are built with taxes, to compete with tax-paying power companies. Part of the costs are often allocated for some high sounding purposes, the benefits of which usually fail to materialize."

WALDOBORO, MAINE, PRESS: "The boys up in Washington are jumping around like grasshoppers on a hot stove, regarding a policy on China, Russia, India, etc., and can't seem to agree on one for any of them. However, when they start getting dizzy, they can always take time out and get in agreement on one thing and that is to spend more money, and create more Bureaus."

CLAYTON, ALABAMA, RECORD: "Until the American people realize how costly it is for the government to do things, and begin to refuse the largess, subsidy, etc., offered by the Government, we cannot expect much reduction in government expenses."

ARCADIA, LA., BIENVILLE DEMOCRAT: "Most of us in the older generation—but not so very old, at that—can remember when neighbors came from miles around to see the first bulb turned on and marvel at the light it gave, hanging there at the end of the cord from the center of the ceiling. Farm life has become lighter in more ways than one since the private utilities and the co-ops started extending their lines down the rural roads and across the fields to the farm home."

HARTLEY, IOWA, SENTINEL: "Beware of any scheme that advocates additional Federal control, increased spending and increased taxes. We in the United States have taken our freedom for granted, but must do so no longer. There are many who under the guise of 'Security for All' would take it away forever."

Mrs. O. L. Hollenbeck, of Millburn, visited Mrs. Will Thompson on Wednesday.  
 Mrs. Bruce Dalgard and son, Bruce, of Antioch, called on Mrs. Will Thompson Thursday afternoon.

### SALEM

Mrs. Harriet Krautkramer, Mrs. Bessie Elkerton, of Antioch, and Mrs. Nellie Head, of California, spent Monday afternoon with their sister, Mrs. Charlotte Bloss.

## CHALET SUZANNE

## 'Daft' Scheme Proves Worth

LAKE WALES, FLA.—Imagination and a background of world travel may often turn out to be sizeable advantages for a person depending upon a few rabbit hutches and an enormous capacity for doing things in the task of making a living and raising two small children.

Chalet Suzanne was the answer, but friends of Mrs. Bertha Hinshaw told her she was a little daft when she started the venture 18 years ago. But during those years she had made her a quiet but far-flung reputation for good food and lodging and prompted reputable hotel men to take a page from her book.

Chalet Suzanne is a veritable doll's village near here, looking like something out of a far-off land tucked strangely behind a fold of the low-rolling hills of the lush Florida citrus ridge section.

## Quarters Delightful

Your quarters at first puzzle, then delight you. Doors sometimes are so low that anyone nearing six feet must stoop. Almost no two rooms are on the same level. One apartment has a bedroom size 13x13, a sitting room around a corner size 8x8, a bathroom with standing space only of 30 inches—and 20 windows.

The furniture and rugs may have come from Victorian England or Persia—or an obscure second-hand or antique shop.

Guests eat food of unusual preparation and unsurpassed quality with silver from China and pottery dishes from almost every country you can name, and drink from world-gathered goblets which hold from a few ounces to something just short of a quart.

You bathe in tubs of tile, some of which Mrs. Hinshaw herself has set and which resemble mosaic in their intricacy and color. She has a few conventional porcelain tubs, too.

Hot coffee and cold orange juice is brought to your door each morning.

There are 30 rooms at the Chalet, including efficiency cottages and apartments; and you may take your meals in the dining rooms which jut out over pass-filled (you can see them) Lake Suzanne, or in your private patio, or where you please.

The remarkable thing about this place is that there is no breakage. Guests hold the unusual glass and dishes in too high regard to be careless. And there is no thievery, probably due to the charm of Mrs. Hinshaw.

## Lesson to Others

People who boast of turning a stable or barn into a country home can take a lesson from this native of Lafayette, Ind., whose banker-husband retired in the prime of life, only to have the stock market ruin him and leave him so utterly dejected that pneumonia killed him in four days.

Hinshaw bought the estate where Chalet Suzanne now is. When he found himself without money he spent his last few thousand dollars to see if rabbit-raising could be a livelihood.

It wasn't—and suddenly his widow had to make her own way.

The two had traveled the globe. They had collected many things, including the choicest recipes and a love of good living. Bertha Hinshaw thought it was a background which she could make serve her.

Fire had forced her to rebuild part of the Chalet, since she turned their home, their playgrounds, the rabbit hutches, the stables, a huge chicken house and servants' quarters into the quiet spot at the end of a quarter-mile old brick road leading from the highway.

## Oil, Gas Possibilities In Four States Reported

LEXINGTON, KY. — Dr. Willard Rouse Jilison, head of the department of geology of Transylvania college here, sees varying possibilities of large-scale production of oil and gas from deep-well operations throughout four states in which he conducted a geologic reconnaissance.

In a recent pamphlet, "Geologic Reconnaissance Through Kentucky, Ohio, Pennsylvania and New York," Dr. Jilison summarized his findings and opinions on the production potential of the areas visited.

Dr. Jilison covered some 2,200 miles and engaged in fieldwork during the summer of last year. In his survey he studied only deep wells, those being drilled and those completed, and examined and sampled many types of oil sands at their formational outcrops. The entire areas between Lexington, Ky., and Alexandria Bay, N. Y., was covered by the geologist. Dr. Jilison also visited a number of outstanding geologists in the area and obtained their views in relation to localized deep drilling embraced by the reconnaissance.

Of the production potential from deep well operations in Kentucky, Dr. Jilison noted but one field in which there is any extensive deep and successful drilling. This, he wrote, is in central-eastern Kentucky on the Powell-Estill county line.

## Fir Lumber Prospects

Out of over 28 million acres available for commercial forest use in the Douglas fir region of Oregon and Washington, 17½ million acres are capable of producing timber crops now, another three million acres can contribute to the cut within 20 years, and 5½ million acres can be expected to be productive in 30 to 40 years.

## Strawberry Bath

Among the strange bathing habits of ancient times is the custom of fastidious Romans who anointed themselves with crushed strawberries as a means of removing soil and body odor. An old English writer suggested the yolks of 100 eggs as a desirable bath for "aesthetic cleanliness."

## Kill Garden Worms

Use five per cent chlordane dust to kill wire-worms and grubs in the garden soil. Put 20 ounces of the dust on each 1000 square feet of soil just before disking or spading and work well into the top few inches.

## Good Sleepers

On the average, women get more sleep than men. Sleep investigators believe that one reason women get more sleep is because they usually fall asleep faster and this is partly due to their "getting ready for bed" routine. Husbands tease their wives about the time they spend creaming their faces, brushing their hair, and the host of other things women do as bedtime ritual. The experts approve, however, for this bedtime ritual establishes a conditioned reflex which helps to bring on sleep.

## Dogs and Children

The approach of a friendly dog will not frighten a child who has first had a chance to observe one from a safe distance or has seen his mother or father pet and play with one.

## Accidental Deaths

The annual loss of life by fire ranks third among causes of accidental death, being outranked only by motor vehicle accidents and falls.

## Roman Roads

Evelyn Miller Hardwick, in these lines, tells of the greatness of Roman roads: Great roads the Romans built that men might meet. And walls to keep strong men apart, secure, Now centuries are gone, and in defeat The walls are fallen, but the roads endure.

## Handle Plants Well

For transplanting vegetable plants water well before lifting the plants from the flat. If possible, keep a ball of earth around the roots as the plants are lifted or dip the roots in thick muddy water.

## Poisoned Animals

When an animal breathes fast, grinds its teeth, and groans, poisoning should be suspected.

## Cro-Magnon, Beau Brummel

Cro-Magnon man was the glamorous-boy of Europe during the Stone Ages. This tall, handsome, and intelligent man lived between about 30,000 and 10,000 B.C. Like most handsome men, the Cro-Magnon man was clothes-conscious. It was he who discovered how to make better garments by cutting pieces of skin and sewing them together.

## New Canadian Nickel

Next year Canada will pay tribute to Cronstedt, the Swedish scientist who discovered nickel in 1751, with the minting of a commemorative five-cent piece. The coin will mark the 200th anniversary of the isolation and naming of nickel.

## Cattle in U.S.

Cattle numbers in the U.S. increased about two million head in 1949.

## 'His Majesty'

The royal title, "His Majesty" was first given to Henry VIII because of his magnificent silk wardrobe. Yet with all his finery, Henry so treasured his single pair of silk hosiery, he modestly reserved them for great state occasions. Incidentally, the first woman to own a pair of silk stockings was his daughter, Queen Elizabeth.

## Flag on a Brush

The working end of each bristle used in a paint brush is divided into several fine hairs known as flag ends. These are the highly important parts which hold the paint in the brush and help to spread it smoothly.

## Young Calves

Young calves that get too much grass and too little hay and grain may scour and fail to put on weight.

## Most dependable...

You never even have to think about it... an automatic GAS water heater is always on the job.

## And very economical...

Just a few cents a day gives you the luxury of hot water always on tap.

## So Automatic...

A GAS water heater automatically keeps you supplied with abundant hot water... draw some off and more is heated!

## Such quick recovery...

GAS water heaters replace hot water fast... no lukewarm baths... no waiting. You'll always have hot water.

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

YOUR summer (and all the other seasons) will really be carefree if you have an automatic GAS water heater. No more bothersome trips to the basement an hour before you want to take a bath... no more worrying about accidentally leaving a water heater on too long. When you have a cool, economical GAS water heater you'll have plenty of hot water automatically... 24 hours a day!

See your plumber, appliance dealer or our nearest store. SMALL DOWN PAYMENT... and up to 24 months to pay balance with your Service Bill.

## ONE Look

Yes, a look will show you why it's Ford for Fashion, again for '50! Once again Ford's modern styling earned it the Fashion Academy's coveted medal as "Fashion Car of the Year." No other car at any price has received such an honor 2 years in a row.

## ONE Listen

You can hardly hear the '50 Ford's powerful V-8, or its companion in quality, the 95-h.p. Six—both are "hushed" to a whisper. Your ride is quiet, too, because "sound-conditioning" throughout Ford's roomy and sturdy "Life-guard" Body keeps noise out!

## ONE Ride

One "Test Drive" and you'll know the luxury comfort of Ford's "Mid Ship" Ride... the safety of its "Life-guard" Body and King-Size Brakes... its big car roadability. Then check Ford's low first cost, great mileage, low upkeep and high resale value. You'll agree—Ford's the "Big Economy Package" of the low-price field.

## 100 Children Attend Daily Vacation Bible School of 2 Churches

Three days after its opening, the first Antioch Vacation Bible school in recent years had an enrollment of 100 children. The school is sponsored by the Episcopal and Methodist churches in Antioch and is held each morning, five days a week from nine to twelve o'clock at the Methodist church for a two week period.

The program includes creative work, crafts, outdoor play and many varied activities. Children learn prayers, new hymns and Bible verses. Most observers admit that the sessions are the equivalent of nearly a year of Sunday School.

Children may continue to register each day. There is no charge for the school although a collection is taken each day to help defray the expenses. A prize is to be awarded to the young person who brings the largest number of newcomers to the school which is open to children from 3 years of age to the 8th grade.

The program next week will include a special story hour conducted by Mrs. W. C. Petty who will tell the story, "The Beggar Boy of Galilee" by Josephine Sanger. A film has also been ordered in addition to the other activities.

The Vacation Bible school will conclude a week from Friday, June 23. On that Friday evening at 7:30 there will be an ice cream social to which parents will be invited to inspect some of the work done by youngsters during the two-week school.

## Mrs. Ellis Chosen Auxiliary President

Mrs. Harold Ellis was chosen president of Antioch Unit No. 748 American Legion Auxiliary, at a meeting held at the Legion hall Friday evening. Other officers elected were Mrs. Edward Jahnecke, 1st vice president; Miss Alice Fox, 2nd vice president; chaplain, Mrs. Jane Brahy; treasurer, Mrs. V. J. Keeney; Sergeant at arms, Mrs. John Horan and librarian, Mrs. Myra Randall. Outstanding president Mrs. Floyd Horton. A beautiful and impressive memorial service was conducted by members with Mrs. Ellis in charge. Mrs. John Horan, poppy chairman expressed her appreciation to the members and volunteer workers for making the Units Poppy day a success. Proceeds from the Poppy sale will be used for rehabilitation and child welfare.

## Antioch Assembly of Rainbow for Girls To Hold Slumber Party

The new term officers of Antioch Assembly of Rainbow for Girls, presided at their first meeting Monday evening. Miss Louise Erickson, worthy advisor appointed the following committees: point, Natalie Schippman, Sylvia Beelow and Mr. Badger; publicity, Mary Lou Wilton, Betty Terry; Sick, Charlene Nelson, Margaret Weselius; finance, Betty Lu Williams, Joan Hughes and Virginia Petersen.

Many activities for the coming term were planned. There's to be a progressive dinner to be held Monday evening, June 19. Each officer and member is requested to bring a guest or a member. They will meet at the Masonic hall at 6 o'clock where they will receive instructions as to where the first course will be served, to add more fun to the occasion it will be conducted as a treasure hunt.

Following the dinner the girls will go to the home of Ruth Rafter, State Line Road, where they will hold a slumber party.

## ENGAGEMENT TOLD AT DINNER

The engagement of Miss Barbara Alcott and Mr. Trevor Porter, both of Beloit, Wis., was announced by the former's parents, Mr. and Mrs. Kenneth Alcott at a dinner on Sunday at the home of the bride-to-be's grandparents, Mr. and Mrs. Nelson Gonyo, of Antioch.

Those attending the dinner, besides those mentioned above were Mr. and Mrs. Barney Nevelier, of Antioch, Mrs. Annie Adams of Lake Forest, Miss Evon Alcott, of Beloit, Elaine Rene Sodman, of Antioch and Mr. and Mrs. Don Martin and son, Kim, of Winthrop Harbor, Mrs. John Madden and family, of Salem, Wis., and Mr. and Mrs. Albert Sodman, Jr., of Antioch, called in the afternoon to extend their congratulations to the happy couple. No date has been set for the wedding.

Mr. and Mrs. J. W. Woods, of Lake Mario, spent Sunday in Chicago, the guests of Mr. and Mrs. E. R. Sibley, 8318 S. LaSalle St., and attended the christening of "Jacqueline Jo", daughter of Mr. and Mrs. Paul Dillon, of Chicago. The Woods served as God Parents at the christening.

## Gauger-Brown Wedding Saturday at Wilmot, Wis. Was Largely Attended

Miss Geraldine Jean Gauger, daughter of Mr. and Mrs. Carl Gauger, of Wilmot, Wis., and Ralph Wallace Brown, son of Mr. and Mrs. Harvey Brown also of that village were married at 1 p. m. Saturday at the Peace Evangelical Lutheran church in Wilmot.

The Rev. R. P. Otto performed the ceremony. The church was decorated in peonies, bridal wreath and iris for the occasions.

Approximately 450 persons witnessed the service. Mrs. Marlin Schnurr served as organist in accompanying Mrs. Raymond Forster who sang "O Perfect Love" and "The Lord's Prayer."

The bride wore an enchanting gown of Harlene white marquisette. The illusion neckline was dramatized by tiny seed pearls, and the skirt of imported chantilly lace, had a three-yard train. She carried a spray of fleur d'arbour and white pompons with streamers on her prayer book.

Her maid of honor, Nyla Gauger, the sister, wore sheer yellow organza with portrait neckline; sheer yoke with shoulder bertha collar of self fabric frosted with touches of white, a boufant skirt with double ruffle of organza, swirled around it and up the side and front to the waistline. A tiara of braided taffeta was worn with shoulder blusher, mits and hoop skirt.

She carried a colonial bouquet of orchid carnations and button pompons with lace frills.

Thelma Kudrick, sister of the bride, and Barbara Brown, sister of the bridegroom, were bridesmaids. They wore garments like the maid of honor's only Mrs. Kudrick's outfit was in orchid color and Miss Brown's in maize. The latter's flowers were like Miss Gauger's.

Judy and Beverly Kudrick, nieces of the bride, served as junior bridesmaids. They wore white organza.

Stanley Brown, McHenry, brother of the bridegroom, was best man, and Louis and Marlin Gauger, brothers of the bride, were ushers. The men wore tuxedos. John Kampken, nephew of the bride, served as ring-bearer, wearing a tuxedo, and Nancy Kempken, her niece, dressed in white, was flower girl.

The bride's mother wore deep blue street length dress with white accessories with a corsage of pink mums and roses. The bridegroom's mother wore grey print with white accessories with a corsage of pink roses and white mums.

The wedding dinner was at Johnson's resort at Deep lake, and a reception afterward for 450 guests was given at Hillside Inn at Camp Lake.

After a week's stay at Wisconsin Dells, Mr. and Mrs. Brown will take up residence at Sis and Wally's Gateway at Rtes 41 and 173.

The bride attended Union Free High school at Wilmot and the bridegroom attended McHenry High school. He served with the U. S. army in Japan.

Guests for the wedding were from Burlington, Kenosha, Wadsworth, Janesville, Richmond, Minnesota, McHenry, Silver Lake, Twin Lakes and Fairchild.

## Postmaster on Vacation

Postmaster Roy Kufalk is on vacation from the postoffice. While at home he keeps away from the office as much as possible. His vacation extends to July 1.

## Fermentation in Honey

Honey should be extracted only when well ripened in the comb to assure a low moisture content. Yeasts in honey are killed by a temperature of 180 degrees F., and honey heated to this point will not ferment if kept in airtight containers. Honey will give off moisture in a dry, warm atmosphere, but will absorb moisture under humid conditions.

## Painted Furniture

Painted furniture is no new fad. Throughout history it has been prominent and many of the most unusual and artistic pieces have been in color. There were many examples of beautiful painted pieces at the time when French furniture was at its best, in the most flourishing period of the Renaissance in Italy and even as far back as the days of the pharaohs in Egypt.

(Continued from page 1)

a triple to center, Palenski scoring; Fox bounced to the shortstop who fumbled the ball and then threw wildly to first base. Scott scored on the play to make the score 5-0 in favor of Antioch.

Sturtevant broke in the scoring column in the sixth inning utilizing a walk to Brockman and singles by Mue and Rummage. Obley picked up another marker in the seventh and one in the eighth but they went down in order in the ninth.

Antioch finished its scoring in the seventh as Palenski tripled and scored on a fly to center field by D. Scott.

Next Sunday the V. F. W. will travel to Fox River Park to tangle with their old rivals from Wilmet. Wilmet is in a three way tie for first place along with Burlington and Racine and will be fighting to retain that position. Antioch will endeavor to even their season's slate at three victories and three losses.

### State Library to Lend Books Through Antioch Township Library Now

Springfield, Ill. Ninety-two public libraries in Illinois are prepared to provide additional vacation time reading for boys and girls up to 16 years of age as a result of special loans of book collections from the Illinois State Library, Secretary of State Edward J. Barrett, state librarian, said today.

The size of the collections varies from 10 or 12 books in some instances to as many as 1,200 in others, Mr. Barrett said. The majority of requests are for between 300 and 500 books, and have been received from all sections of the state.

An offer of the loan of a collection based on three books per child up to 16 years of age was extended to libraries early this year, Mr. Barrett said. It was aimed particularly at small libraries with annual budgets of less than \$5,000.

The response has been so great that April of this year saw the largest number of books sent out in collections in the history of the library, Secretary Barrett said. The total for April was 14,567 books, topping the previous record of 14,447 in September of 1947. May of this year accounted for the third highest total, 14,102.

Several libraries have requested that recordings for children accompany the books to supplement the reading materials, Mr. Barrett said.

### Chicago's Fair of 1950 To Include National Food Exhibit Starting June 24

The story of food distribution in the United States, showing Chicago as the food processing center of the nation, will be depicted this summer at the Chicago Fair of 1950 in a National Food Exhibit, newest feature added to the mile-long exposition opening on the city's lakefront June 24.

Crosby Kelly, executive manager of the fair, said that 55 leading national brands and food products will be represented in the exhibit, which is sponsored by the National Food Stores.

Central attraction of the exhibit to be situated just south of the fair's main 23rd Street entrance, will be a gigantic electric map of the United States which will project leading food products from each of the 48 states and Hawaii.

The map, 75 feet long and 15 feet high, will cover the entire rear wall of a modern, Hollywood type, building. Neon lights will reach across the map to the various sources of product and will tie in each state to Chicago, the food center, which will be designated in the form of a huge compass with the city's skyline illuminated in its center.

Designed for the convenience of fair visitors, the grounds outside the building will be laid in green asphalt for eye ease and will have gaily-colored umbrellas and tables and chairs where more than 200 persons at a time may picnic or rest.

Fair visitors will be encouraged to use the exhibit building for a meeting place and a message center will be provided for them to pick up or leave notes for friends. Other features for public convenience will be an information booth, outside telephones, and continuously-playing FM music.

Samples, coupons, and souvenirs provided by food manufacturers also will be given away.

### Peter Burke, 77 Dies In Waukegan

Peter Burke, 77, the youngest son of the family of Anthony and Elizabeth Burke, early settlers of Antioch, passed away in Waukegan Sunday, June 11th, following a lingering illness. He was born October 30, 1872 in Antioch township.

He farmed the old Burke homestead near Emmons school for many years, retiring sometime ago to make his home with his sister and family, the C. F. Walkers, of Waukegan.

He was the youngest of nine children, all preceding him in death. A brother J. J. Burke was founder editor of the Antioch News and M. M. Burke, an old time resident of Antioch. He was an uncle of the late B. R. Burke, who preceded him in death only a week ago. Survivors are a niece, Mrs. Bertha Burnette, of Antioch and fourteen other nieces and nephews. Funeral services were held Wednesday, June 14, at the Immaculate Conception church in Waukegan. Interment was in St. Patrick's cemetery, Wadsworth.

Over fifty persons attended the Methodist all church picnic held at Fox River Park, Tuesday evening.

### Town Officials in Illinois Demand More Revenue for Local Roads

Gilman, Ill.—The Association of Township Officials of Illinois demanded Monday "a fair portion of motor vehicle revenues" for local roads which "constitute approximately 75 per cent of the Illinois highway system" cost of which is now borne solely by taxes on local property.

William J. Vleragge, president of the association and highway commissioner, Douglas township, Iroquois County, said directors of the organization had adopted a resolution setting forth its position respecting Illinois highways.

The resolution said the association was particularly concerned with the preservation of home rule for the handling of local affairs and with the maintenance of adequate highways at a minimum cost to the taxpayers.

Opposition was expressed to any legislation which would compel consolidation of townships for road purposes against the will of the people affected. The association urged that no change be made in the present law which now permits such consolidation when approved by a majority of the voters.

The resolution said the association favored a return to the 20 ton weight limit for tractor trailers which existed before 1945. "Experience has proven," the resolution said, "that excessive weights now permitted are responsible for the premature destruction of the roads and bridges in this state. A lower weight limit is required to avoid tremendous highway expenditures, and for the convenience and safety of all of our people."

The association said it favored changing the law which permits heavy trucks from other states to use Illinois roads free of charge. Agreements with other states for truck tax exemption should be limited to adjoining states.

An increase in the license fees of heavy commercial trucks, was urged in the resolution, so they will be required to pay their just share of the cost of construction and maintenance of roads.

### Lake County Red Cross Meeting to be Aired Tonight Over WKRS

Officials of North Lake County chapter of American Red Cross, Alex Wille, chairman, today announced that due to the WKRS broadcast of the annual Red Cross meeting Thursday night at Glen Flora Country Club, dinner will be served promptly at 6:30 p. m.

"In order to be ready to go on the air at 7:35," said Wille, "our dinner must begin promptly at 6:30, so tables can be cleared and the audiences in readiness for the air-borne program."

WKRS will carry the complete business slate of the meeting, beginning with Toastmaster Joseph P. Daly's introduction of Chairman Wille who will extend the official welcome of the chapter, and including the election of eleven members to the board, selections by the Barber Polecats, a quartet of Lake Forest High school seniors, and the "Parade of the Past," a programmed history of the local Red Cross chapter.

Mrs. C. John Viking and John D. Luce are heading the arrangements committee for the meeting.

### Lawyers of State Will Gather at University For Bar Association

Large numbers of lawyers from all parts of the state will gather next Thursday and Friday (June 22 and 23) at the University of Illinois in Urbana for the 74th Annual meeting of the Illinois State Bar Association, according to an announcement made by Albert E. Jenner, Jr., Chicago, president.

Prior to the annual meeting, a short course for practicing attorneys on the subject "Drafting of Legal Documents" will be held on Tuesday and Wednesday, (June 20 and 21) for which all attorneys are eligible. The course is sponsored jointly by the University's College of Law and the state bar association.

Highlights of the meeting will be an address on Wednesday evening at the Younger Members Dinner by Attorney General Ivan A. Elliott on the subject "Job Opportunities and Prospect for the Young Lawyer." On Thursday at 11:30 a. m. the traditional Senior Councilor ceremonies will be held in Gregory Hall at the University. Fifty-three lawyers who were admitted to the bar fifty years ago will be honored by their fellow attorneys and the state association and presented with scrolls.

At a noon luncheon meeting Harold J. Gallagher, New York City, president of the American Bar Association will address the convention. The delegates will hear President George D. Stoddard of the University at their annual dinner meeting on Thursday night.

"Lincoln As A Practicing Lawyer" will be the topic of Jay Monaghan, Springfield, Librarian, Illinois State Historical Society before the Legal History group of the Association on Friday.

Election of officers for the forthcoming year will be held on Friday following the annual meeting.

The Association of Wives of Illinois Lawyers with Mrs. Albert E. Jenner, Jr., president, will hold their annual meeting at the same time.

### Chicago Man Stricken At Home of Daughter, Lotus Woods, Grass Lk.

Sigmund Bolish, 71, of Chicago, was stricken with heart disease and died a half hour later at 12:30 p. m. Sunday at the home of his son-in-law, Julius Igyarto on Lotus ave., Lotus Woods subdivision on Grass lake.

An inquiry by Coroner Garfield Leaf Monday determined that death was from natural causes.

The body was taken to the Boland chapel, 4138 W. Madison St., Chicago.

The Igyartos moved to Grass lake just a few months ago from Chicago and Mr. Bolish came to visit them Saturday.

### Attend Army Camp

Leonard J. Mattson, of near Lake Villa, and Ray R. Ohlgren of Antioch, advanced R. O. T. C. students at the University of Illinois, will attend summer camp at Aberdeen Proving ground, Maryland. The advanced students must attend one summer camp as a part of the requirements for receiving a commission as a second lieutenant in the organized reserve corps. Outstanding cadets may receive commissions in the regular army.

**Giant Earthworms**

Don't tell your feathered friends, but the worms they get in your neighborhood are mighty slim pick-ins compared to those available in parts of Australia and South America. The Giant earthworms of those countries often are an inch thick and about seven feet long; each one a feast for a flock of birds.

**U.S. Rice Crop**

America's rice crop has grown steadily throughout the past decade of Asian rice shortages. The 1949 harvest of almost 90,000,000 bushels was grown in nearly equal fourths in Louisiana, Texas, Arkansas, and California. Cuba is normally the No. 1 customer for the U.S. crop, which exceeds domestic demand.

**Trolley Coaches**

Trolley coaches are increasing as means of public transit while streetcars are disappearing. There were only 18,000 streetcars in use in 1949, a decrease of 41 per cent since 1944. In the same time, there were a 68 per cent increase in the number of trolley coaches.

**Psychiatrists in U.S.**

Qualified psychiatrists in this country number only about 3,200, or one to about 58 physicians and one to about 45 clergymen.

**Coffee**

Serve coffee as soon as possible after brewing; it loses its flavor on standing.

**Lice in Cattle**

Cattle deaths from the effects of lice occasionally occur, but more often losses due to these parasites are shown in the failure of calves to grow at a normal rate and of cows to produce maximum amounts of milk and beef.

**Alfalfa Caterpillar**

The alfalfa caterpillar can be controlled by airplane application of polyhedra virus, spreading an epidemic of wilt disease among the pests, according to experiments by scientists on the Berkeley campus of the University of California.

Being a salesman, my husband keeps mighty busy. I wouldn't see too much of him these days if it weren't for one thing:

He has a helper that does a great amount of his work — keeps him in close touch with his customers, runs errands for him, takes care of hurry-up order changes, collections, complaints and appointments. This helper is quiet, courteous and efficient — and works 24 hours a day for just a few nickels.

It's his telephone, of course. I agree with him when he says, "Every hello is a good buy." Don't you?

**FAMILY TRENT.** They'll all have fun in this roomy 4-door  
Buick with generous luggage space for trips. Shown here is the  
SPECIAL. Same body type available also in the SUPER series.

## Look at the FUN you're missing!

SURE, we know—a car is a "necessity" these days. A modern family "couldn't get along without one." Or so you tell yourself.

Come, come, sir! We know, and so do you, the real reason you got the new-car fever—and the kind of car you are hankering for.

You want a car with some fun in it, don't you?

A car you'll get a big bang out of every time you see it parked in front of your house—every time you slip into its front seat—every sweet and easy mile you travel in it.

Well, come see what this beauty does for you.

How the doors swing open in warm welcome at a thumb touch on a button. How the broad seats invite you to take it easy. How the big straight-eight under the

bonnet snaps into purring life at your toe-touch.

And then note—

How smoothly you slip away from the curb—especially when Dynaflo\* is handling the power transmission.

How firm and steady the whole car feels. How it holds on curves, free of "heel-over" and sway. How each coil-sprung wheel quicksteps over bumps and rough spots that mean jounce and jiggle on most cars—how buoyantly road-free a Buick is.

\* Dynaflo Drive is standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

FOUR-WAY  
FOREFRONT

This rugged front end  
(1) sets the style note,  
(2) saves on repair costs  
—vertical bars are  
individually replaceable,  
(3) avoids "locking  
horns," (4) makes park-  
ing and garaging easier.

Fun? You bet it's fun—too much fun to miss.

And there's no reason to miss it, really, for this strapping traveler is priced under many sixes. Starts at figures just an easy step above the so-called Lowest Price cars.

What's keeping you from trying one, when the nearest Buick dealer is ready to demonstrate without obligation any time you want to call on him.

Only Buick has  
Dynaflo—  
and with it goes!

HIGHER-COMPRESSION Fireball

Daily vacation Bible school is in session at the church this week from Monday through Friday with a good attendance.

The Woman's Society of Christian Service will hold its next meeting on Wednesday, June 21, with Mrs. Wm. Walker at her home for dessert luncheon at 12:30 followed by devotional period and business meeting. The ladies will sponsor a Bowman Dairy luncheon at the school gym on Friday, July 7, and the Company will serve luncheon promptly at noon. Cards will follow during the afternoon and there will be a nice display of fancy work, aprons, rugs and quilts for your selection, also a white elephant sale.

The Intermediates of M. Y. F. held a very successful bakery sale at the Hucker garage last Saturday and earned enough to equip the church grounds with necessary equipment for evening games. They are anxious to thank all who contributed to the sale, but are unable to reach each one personally.

Mrs. Harrison's sister from Dallas, Texas, is guest of the parsonage family this week.

The free movie program has opened for the season and is being shown at the Lehmann park every Saturday night. The cost of the program is being cared for by the Lake Villa Community Men's Club this year, formerly by the local business men.

Rev. W. T. Hexom, of Decorah, Iowa, spent last Wednesday with his son, Charles Hexom.

Mrs. Wm. Somers, of Villa Woods, entertained friends from her former neighborhood in Chicago, also Mrs. Mary Makert and Mrs. Stella Pederson at a luncheon at her home last week Thursday.

Mr. and Mrs. M. V. Reynolds, of

Alexandria, Va., visited Mrs. Reynolds' parents, Mr. and Mrs. Al Boehm the first of the week and on Monday Mrs. Boehm accompanied them as far as Chicago.

Miss Ruth Hunter, of Johnson City, Tenn., visited her sister, Mrs. Bessie Stevens at the Albert Kapple home last week and Mrs. Stevens, who taught third grade at the school during the past year, has returned to her home in Tennessee.

Edwin Turner, of Oak Knoll Dr., is a surgical patient at the Lake Co. General hospital.

The pinocle club met last week Tuesday with Mrs. Doris Britton on Burnett Ave.

The fire department was called out early last Tuesday morning when Charles Hexom's car caught fire, presumably from a short circuit, and had such a start that in spite of all that they could do the inside of the car was entirely destroyed.

Mrs. Edward Langbein was at the Shriners hospital last Friday and her small son who was a patient there for observation for two

weeks returned home with her. Walter Costigan, of Chicago, has sold his property on Oak Knoll Dr., to a Venetian Village family.

Mr. and Mrs. George Beemsterboer and children, of Chicago, were guests of their parents, Mr. and Mrs. Arthur Nauta last Sunday and with

Mr. and Mrs. Lester Hamlin attended a birthday celebration for Mrs. Nauta's sister, Mrs. Mary Miller in Libertyville.

Miss Kathleen Gindlich who has been at U. of Ill., for the past year, has returned home for the summer. Duke Weber has completed his

work at Lake Forest Academy, and his sister, Sue, who is a student at Carleton college in Minn., has also come home for vacation.

Mr. and Mrs. George Appelberg, of Chicago, were weekend guests of their sister, Mrs. Wm. Robinson and family at Venetian Gardens.

## Ann Page... for Quality, Economy

Delicious dishes do not have to cost a lot of money! Try Ann Page Foods and see for yourself. Every one of the 33 fine foods that carry the Ann Page label is made to A&P's high standards of quality... yet priced to save you money. Because A&P brings these fine foods

direct from the Ann Page food factories, many unnecessary in-between expenses usual to marketing are eliminated... and A&P shares the savings with you. So make it your marketing rule to stock up on Ann Page... and keep your food bills down.

This is Father's Day in Customers' Corner.

More and more men are helping with the family shopping, and we want the quality and price and service of A&P to be just as satisfying to them as it is to their womenfolk.

What can we do to make your A&P a better place for the men of the family to shop?
